THE UNIVERSITY OF  
MICHIGAN LIBRARY  
1000 TAPSCOTT DRIVE  
ANN ARBOR MI 48106-1000

**We are honored to  
dedicate this yearbook  
to  
Ms. Donna Hayward  
and  
Mr. Joseph Blake**

Under Ms. Hayward's leadership, Suffield High School has seen improvements in student test results across the board. As reported by U.S. News & World Report, Suffield High School student performance on state exit exams and internationally available exams on college-level course work, students at SHS scored 90% Proficient in Math and 94% Proficient in Reading. Among her many accomplishments, the one that will stay with Suffield forever, is her efforts to bring a much needed renovation to the school's courtyard. Mr. Blake brought his soft-spoken, effective leadership style to our school community. He was named the 2014 Assistant Principal of the Year for the state of Connecticut by the Connecticut Association of Schools (CAS). From the CAS website: *"The program recognizes outstanding school assistant principals who have succeeded in providing high quality learning opportunities for students. These administrators have demonstrated excellent leadership, commitment to staff and students, service to their communities, and contributions to the overall profession of educational leadership."*

We will miss their guidance and support.

# Suffield is Forever

Our time spent at Suffield High School has been filled with many cherished memories. From seemingly endless classes, to prom night, to the excitement of spirit night and winning state championships, these moments will never be forgotten. Upon entering high school, one does not think that these four years will pass by so quickly, or that they will have made memories and friendships that will last a lifetime. Therefore, as this school year comes to a close and the class of 2014 graduates, the yearbook staff would like to dedicate this 75<sup>th</sup> diamond edition yearbook to every student, faculty member, and citizen of Suffield. The memories we have created over the past four years will last forever. Looking back on our lives, many details will be forgotten; however we will always remember that Suffield is Forever.

# YEARBOOK STAFF 2014

The 2014 yearbook staff worked hard this year to create a book that represented the community and all the amazing things that Suffield really stands for. It is an honor for the senior class to be a part of a group that creates this meaningful book which captures the memories throughout the school year. In making the book, we thought about what 2014 means to us: soccer games under the lights, spirit night, Thursday night volleyball, great times with great friends and much more. Although sometimes stressful with all the deadlines and layouts, being a part of the staff was not only an awarding experience, but also allowed everyone to connect. Coming to yearbook class was something to look forward to everyday, and in the end, all the hard work paid off! Congratulations to the Class of 2014!

# Class of 2014...

Upon entering Suffield High School for the very first time as the freshmen class in 2010, it seemed that the next four years would take forever to pass. Yet, our graduation year, 2014 would quickly approach and as we walk through the doors of SHS for our last, first day of high school, we learn to cherish the people we have befriended and the memories we have created. Soon enough we experience events like Volleyball Marathon, Spirit Night, Thursday Night Volleyball, and sporting events with our friends for the last time. We become nostalgic but are eager for our future at the same time. Suddenly, forever is provided with a new meaning and rather than being a long, dreaded period of time, it has passed in the blink of an eye for the Class of 2014. These experiences and memories are essential to who we are and our class is beyond thankful for them. The Senior class looks forward to building a future for themselves while continuing to remember all of their four unforgettable years at SHS. As the Class of 2014 embarks on their future journeys, they will realize that Suffield really is forever.

## BEFORE THEY WERE SENIORS...

# MONEY MAKERS!

Students at Suffield High School work hard to juggle long school days, extracurricular activities, and sports. Even with all of this going on, many students also find time to be employed! Walking around shops or restaurants in and around town, you are bound to find a student from SHS working hard. With all of the great businesses throughout Suffield and in our surrounding towns, it gives the student body many options to find a place where they enjoy working. With a strong work ethic and great time management skills, these students work hard to earn some extra cash. Suffield High School is positively represented by our students who work around town with a smiling face and an enthusiastic attitude!

ABOVE: Alex Voisine poses in front of a wall of balloons at Party City in our neighboring town Enfield, CT. Alex is a dedicated worker here, and he is always quick to help the customers who come through the door!

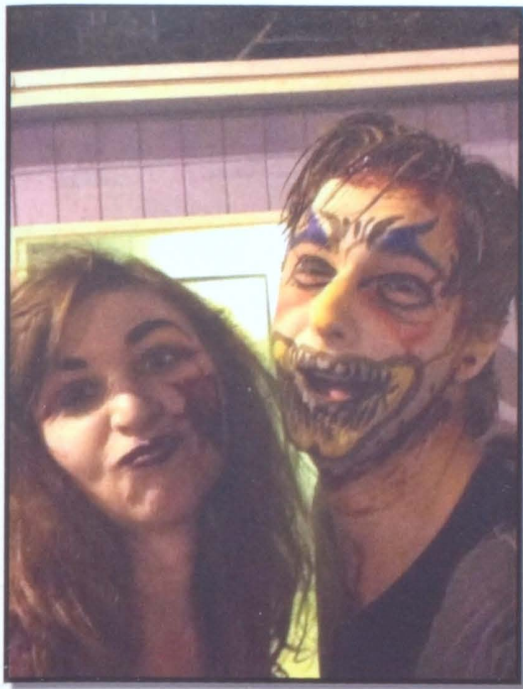

LEFT: Jillian Jenkins works as a cashier at Highland Park Market, thanks customers for shopping at the store with a warm smile. Highland is a great market in the community that hires many student from SHS.

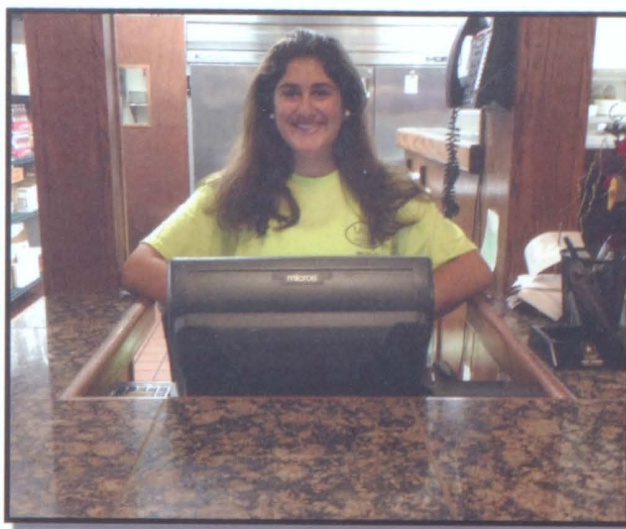

RIGHT: Gabby Fasano, a senior, is working her daily afternoon shift at Highland Park Market posing with one of her oreo bakery treats. Many students at Suffield High come by to visit the bakery and say hello to their friend!

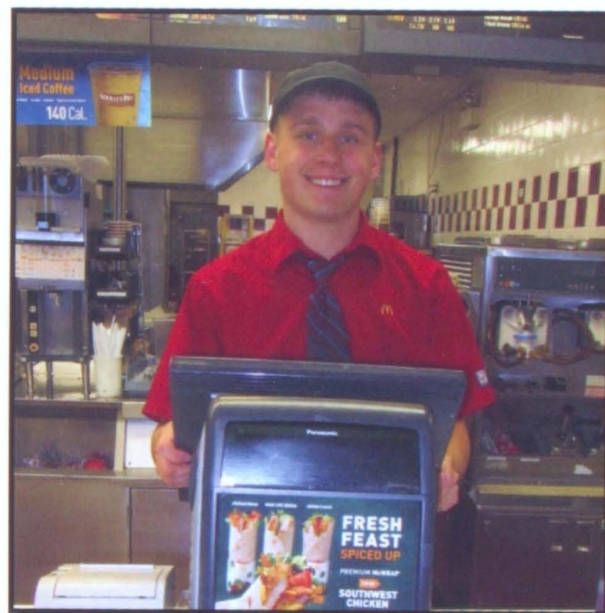

ABOVE: Seniors Liam Starr and Holly Ouellette pose for a playful picture on their night shift at Six Flags New England. The two work throughout the fall seasons as entertainment for the Fright Fest, to get people into the Halloween spirit!

LEFT: Olivia Farhad is working at her family owned restaurant, Lulu's, located in Enfield, CT. Working alongside her family makes the environment much more comfortable and laid back!

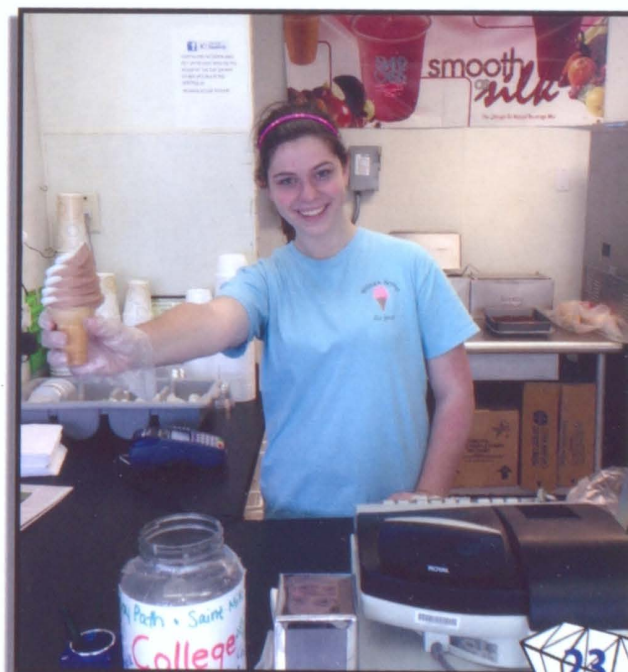

RIGHT: Senior Tommy Currier welcomes hungry guests to the Southwick McDonalds with a smile.

Standing at the cash register, Tommy takes a break from his hard work for a quick picture!

LEFT: Tom Mitchell is pictured working hard at the Dunkin' Donuts in the center of town. Here, he is happily activating a gift card for a customer.

RIGHT: Madisyn Sheridan, a junior at SHS, is serving an ice cream cone to a customer at Wilma's Scoop Du Jour. This local icecream shop in town is where many come to get a refreshing cold treat on those hot summer days!

# Class of 2015...

Finally after two long years the Class of 2015 became upperclassmen. They are now enjoying the many perks of being juniors. From attending prom to going to Thursday night volleyball, these students definitely are enjoying their junior year. That being said, the Class of 2015 had to spend many sleepless nights studying and doing homework to keep up with their enormous workload. After many early mornings, runs to Dunkin Donuts, AP tests, and even SAT prep classes, the juniors made it through what is said to be the hardest year of high school. Now that this year is over, they can finally take a break from all of their schoolwork. Once their demanding year is over, they look forward to

college tours and narrowing down their choices. Although this is not an easy task it is definitely exciting to begin to embark on their future. Now that their four year journey through high school is more than halfway over, the Class of 2015 is extremely eager to begin their final year. A year full of hard work, determination and cherished memories are ahead of them, and they are excited to begin their future where they can create life-long memories and absorb knowledge that they will be able to use for the rest of their lives.

# Class of 2016...

Having completed half of their high school careers, members of the Class of 2016 look back on their sophomore year and reflect on the growth they've experienced. Classes usually aren't too difficult, everyone is still considered to be underclassmen, and most are still unable to drive. It's a great time overall including Spirit Night, the excitement of purchasing class rings, and beginning to take their first AP courses. The sophomores of Suffield High School have shown to everyone that they are now mature young adults who are

ready to face the challenges that high school has to offer them. This was clear when the students cheered them on at Spirit Night during their Land Before Time skit and in the spring when everyone was able to see how nicely the class had cleaned up for semi-formal. Overall, sophomore year has been a great time for the Class of 2016, and high school will only get more difficult. But, that is what growing up is all about!

# Class of 2017...

The freshmen class of 2017 arrived to the high school in August for orientation not knowing what to expect. With the help of the upperclassmen W.A.G members, the students were able to get a taste of the high school experience. Transitioning from the middle school to high school is challenging, yet rewarding in the end. Throughout this past year, these freshmen adjusted to the increased amounts of

work and responsibilities that came with the new year and the new environment. Freshman year is a time to try new things and see what activities and clubs interest you, and many freshmen did just that. Although they were the underdogs, they definitely did not fail to try new things and join new clubs. The Class of 2017 is reminded to look forward to the next, possibly most enjoyable and memorable, four years of their life at Suffield High School.

# Winter Athletics

The spirit for athletics never stops, even for the winter sports season. Basketball, cheerleading, wrestling, dance team, indoor track, hockey and swimming all bring the Suffield community together as a whole. Supporting the teams as they take on their greatest rivals for exciting games is an experience that will never be forgotten by both the teams and community. If you aren't in the game, you are on the sidelines positively cheering on Suffield. No one will forget the incredible feeling of a huge win once they depart from Suffield High School. This is because the Suffield High School community will forever be the sports teams' biggest fans.

# Girls Basketball

## Varsity

The Girls Varsity Basketball Team started the season with a strong lead. New varsity coach, Stacy Troiano, devoted much of her time and energy to improve this year's team from last year. Although losing an important player and captain, Katie Carson, in their first game due to a torn ACL, the team continued to dominate in their wins. Hard work and dedication of each player was truly shown throughout their season. This was the best season yet because the players were not only a team but a family.

# Boys Basketball

## Varsity

The 2013-14 season for all Boys Basketball Teams has been one of the more memorable seasons. Each year the boys grow closer as friends and teammates. Many of the past and present starter players were considered star players. Ben Woodhouse, Sean Sullivan, Nolan McCoy, Sam Flynn and Troy Hastings, the starting five, bring it to the court every game. Suffield Boys Basketball wouldn't be where they are today if it wasn't for Coach Dan Gato and assistant Coach Mike Barile giving them advice to become better athletes. 2014 was the senior's year and they definitely showed it!

# Boys Tennis

This year the boys tennis team came out strong and they successfully won matches. The team always worked together and strived to play their best and with such determination they succeeded with great pride. Partners, Alex Voisine and Luke Peterson dominated the court as they became undefeated with a record of 11-0. Coach Mark Janick trained a good tennis team this year and hopes to see the underclassmen come back in the spring next year. The team is saddened to see the seniors leave this year because they were prominent leaders to their fellow teammates.

# Boy's Golf

This year the boys golf team came out strong and hoped to build on last years success in both the conference and state tournaments. This year the team is led by returning all conference sophomore Matt Stafford. With a winning record, the team has dominated the Spring season as a whole. Without the help of the key players, freshman Austin Rupp, Matt Durkin, and returning letterman, Josh Stack, the team would not have beaten their record or accomplish their goals.

# Greater Hartford Academy of Math and Science

At GHAMAS, students grades 9-12 spend half of their day at Suffield High School and the other half of the day at the academy studying advanced mathematics and science. Students have the opportunity to take advanced courses in science and mathematics from a faculty of highly skilled scientists and mathematicians. The Greater Hartford Academy of Math and Science provides additional opportunities for students to work with the nation's leading math and science professionals.

ABOVE are the students from Suffield High (Haley Marian, Cara Waterman, Ryan Englander, John Gilleran and Kyle Zielinski) that travel to Hartford's Math and Science Academy everyday to practice their academic skills.

ABOVE is a picture of Greater Hartford Academy of Math and Science. This is the building where our friends from Suffield High School go to make the magic happen in the world of mathematics and science. If you are looking for a challenge and love the academic life, The Greater Hartford Academy of Math and Science is the best place to go to enhance your skills and enrich your education.

BELOW is a picture of, Kyle Zielinski, John Gilleran, Ryan Englander, Cara Waterman, and Haley Marian from our very own, Suffield High School. They join together discussing the relationship between molecules, the meaning of what substance A is, and of course the pythagorean theorem. That is only the very beginning of the work they do and discover at the Academy of Math and Science. So give it up for these very brilliant, young mathematicians and scientists!

# Greater Hartford Academy of the Arts

The Greater Hartford Academy of the Arts (GHAA) is an magnet high school that offers both a full-day and half-day programs for students that live around the Hartford area. In all of its years, the academy has worked tremendously hard to help develop young students into the artists they desire to be, encouraging them to be creative, engaged citizens, and preparing them to pursue careers in the arts.

TO THE RIGHT Victoria Lateano is getting ready for her vocal classes. In the music department you can either practice your skills through instrumentals or vocals. Warming up your vocal cords is an essential part of being in this department, it prepares you for a long productive day in the life of a musician.

ABOVE is the Learning Corridor, where the dance, visual arts, and music majors spend their time in the afternoons. This magnet school is open to all districts around Connecticut. It practices good workmanship and integrity.

ABOVE are students from the Arts Academy of Hartford doing what they do best, performing in a musical production for the first day of school. The first day of school is one of the most important days of the year. This is a day of welcoming all the new students into Academy's big happy family.

ABOVE are Suffield High School students Jackie Rupp, and Aimee Slakavitz getting ready for their senior composition class in the dance department. In senior composition, seniors in the dance department work on furthering their education into college. They do things such as; writing their college essay, creating a resume, apply to college, and of course the most important part, creating their senior solo. Each student's senior solo gets them ready for their audition in the dance world and also will later on in the year will be incorporated into their own production.

# Agri-Science

ABOVE: The Agri-Science students come together for a group photo on the bleachers. Every year these students run the Holiday Sale in December, participate in events like the Big E, and showcase their work at the National FFA Convention & Expo. This year the Expo was held in Louisville, Kentucky. Participating students traveled to Louisville and they displayed their Suffield High School talents. When these students are not traveling they enjoy taking classes such as Wildlife and Aquaculture. These classes are entirely unique to the Agri-Science program, and allow the students to develop skills. Throughout their years in high school these students have grown to become the kind of students Suffield High School is proud of.

**IGNITE**: The mantra of Suffield High School's Agri-Science program. This slogan embodies the values this program holds. Leadership, growth, and, success are the three key points that this program develops over the course of students' high school careers. Every year, the program welcomes new students from around Connecticut with different interests in agriculture. With so many different branches of agriculture, it is no wonder how unique this program is. Branches include natural resources, mechanics,

animal science, and plant science. From the time they enter high school, to the time they graduate, these students work hard completing their Supervised Agricultural Experience, or SAE, hours and balancing their schoolwork. Some join 4-H clubs, others volunteer at nearby farms. Whatever the means, these students surely make up one of the most unique assets of Suffield High School.

# SHS Class Council

Class Council at Suffield High School is a great way to get involved in our high school. Throughout your four years of high school, class council is constantly brainstorming ideas to fundraise for all the events that take place at SHS. This year the seniors sold Valentine themed cupcakes and roses during the month of February and worked constantly on all of their senior events, including graduation and senior banquet. The juniors have also been extremely busy this year with their holiday candy cane sale in December and working on scheduling prom for their senior year. The sophomores spent the year learning the ins and outs of working together as a class council and gearing up for their junior and senior year events. Their home baked cookie sale at Suffield on the Green was a huge success. The Freshman Class Council started the year with a lot of motivation to get things going for the class. They hope to be a bigger part of the Suffield High School community by taking part in events and holding fundraisers throughout their upcoming years at the high school.

# SHS PRIDE

Throughout the school year here at Suffield High School, there are countless opportunities for students and staff to get involved. While some events involve competition between grades, at the same time they bring our school together as one! There is no better way to display Suffield Pride than to come together as a school and have the time of our lives.

Saturday September 7, 2013 kicked off Suffield's annual Suffield On The Green. Many organizations were represented throughout numerous tents lined around the green, located in the center of town. Hundreds of families and friends enjoyed the beautiful weather- eating, playing games, and venturing to the local craft fair at the Hatheway House. Student and parent volunteers were found at booths representing local organizations, restaurants, and businesses. To name a few: student councils, booster club, Sacred Heart, Knights of Columbus. Make sure to mark your calendars next year so you don't miss out on this event.

# Spirit Week

Spirit Night is one of the most highly anticipated events here at Suffield High School. It is one of the few times of the year where the entire school community comes together to compete against each other. The excitement begins on Monday as kickoff to Spirit Week. Each day, there is a theme that students have to dress up and get into the spirit of Suffield High School. This year's themes were America day, Formal Tuesday, Wacky Wednesday, Costume Thursday (The freshmen were superheros, sophomores were cowboys and cowgirls, juniors were pirates, and seniors were hippies), and on the last day, color day, each grade was given a color to wear and support their class. Each day the hallways were filled with eager kids

getting excited for spirit night on Friday. The night itself starts off with a series of skits and dances choreographed and performed by the students of each grade. Each class chooses a theme that they want to represent their grade for the night, and their dance is designed to share that theme. After that the students compete in a series of challenges ranging from limbo, scavenger hunt, orange pass, musical chairs, and pie eating contest to name a few. Students volunteer to participate in events to compete against the other classes. Spirit Night is a night where grades come together and show they can work together and have fun doing it. Each grade this year came ready to fight and give their best!

ABOVE: Deana Pileka and Courtney McFarlane dress up on Wacky Wednesday with crazy sweaters, backwards hats, and crocs! Truly getting into the spirit of Suffield High.

## FRESHMEN

The freshmen this year stepped up and came to the challenge during the various competitions. On the LEFT we have a group of students participating in the toilet paper wrap competition, where one person must enclose the group in an entire roll of toilet paper. On the RIGHT students pass an orange from person to person without using their hands.

Being a freshmen at spirit night can be slightly intimidating, but the class of 2017 did not let this stop them. They took on the theme of Movies, and performed a skit starting off with a combination of movie quotes put into a speech and performed to represent their grade and the occasion. A group of girls then performed the very popular "Cup Song" from the movie Pitch Perfect.

The second year of spirit night is a little less nerve wracking then freshmen year. This years group of students decided on "The Land Before Time." Their dance incorporated the Flinstones and cavemen moving to the beat. Everyone was impressed by the class of 2016 and their improvement since last year. Overall, it was a great night for the Sophomores, filled with smiles and excitement they ended with a nice 3<sup>rd</sup> place.

## SOPHOMORES

# JUNIORS

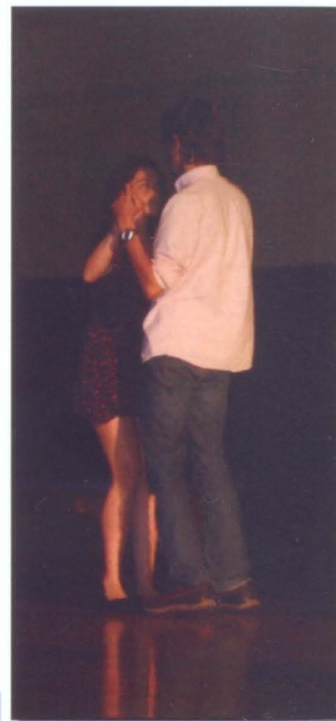

ABOVE: Chailey Coates, Sam Nisbet, and Kirstin Ayoub, members of the junior spirit night number, are excited to perform and show off their moves.

The junior class this year revealed their theme as "Boot Camp", and the delivery was tip top. The dance started out with Mason Beiter and Gabby St. Onge in a duet, performing their last dance before he went off to war. After this, the rest of the dancers came out and gave an impressive dance performance to Seven Nation Army and a mashup of other songs. There was partnering and the dance was well

recieved by the crowd. At the end of the dance, the two long-distance lovers were reunited for an American dream finale. the skill and time put into the entire operation did not go unnoticed. The boot-camp bleachers roared with excitement when the Juniors came in second place for their skit, and an overall place of second for the night. The school is eager to see what is to come next year from this talented grade.

## SENIORS

Senior spirit night is certainly one to remember and the class of 2014 made it no exception. Dominating in nearly every event of the night, they stole the floor. The theme this year was "Classy 1920s", inspired by the english class novel, *The Great Gatsby*. The dancers were dressed in classic black dresses, and matching suits and ties. The skit began with the boys having a group number performed to the well-know song "Suit and Tie". The girls were then

revealed on two spinning lazy susans for a large partner dance and acrobatics. Ben Woodhouse and Lauren Johnson fell in love on the gym floor to a spotlight duet of "Young and Beautiful". The smiling faces of the group could be seen from the stands, and the audience could not stop cheering. The most memorable moment of the night, however, was the explosion of excitement at the winning tally and the mass celebration of the senior stands.

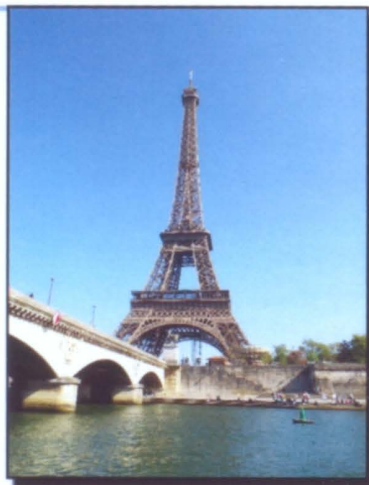

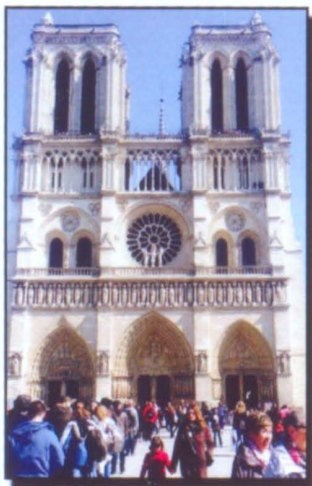

During April vacation, 11 french students from AP french and french 5, along with Monsieur Casinghino and Madame Kruk, visited Tours and Paris for 9 days. The purpose of the trip was to adapt to french culture and experience everyday life as a french student. The french students lived with a host family in Tours and went to school for 3 days to experience life as a french student. Students were able to connect with other teenagers in France and experience how their everyday life differs from ours. After 6 days in Tours, the class went to Paris for 3 days to see all of the well-known monuments. As usual, the most attracted monument was the Eiffel Tower. France was an amazing experience and has further helped the students become multicultural.

This year marked the 10<sup>th</sup> annual Mr. Suffield. Mr. Suffield is a pageant where the gender roles are switched; senior boys sign up as contestants and compete in the Swimsuit, Interview, Talent, and Formal contest. Each contestant presented an incredible amount of enthusiasm; Nick Santanellio got a spray tan and bleached his hair! And Class Council member Nolan McCoy performed a "promposal" before the show had begun. The competition was heated amongst the nine contestants who all strived to win the gold crown. Everyone had done a remarkable job on their performance, bringing laughter and joy to the audience members. Especially to the student council members, tech crew, and the elegantly dressed escorts for contributing to make this night a success! The winner of Mr. Suffield--Liam Starr and escorts Jackie Rupp and Holly Ouellette are pictured to the right.

# Alice in Wonderland

This fall, the drama department took on the task of putting on thier own rendition of the beloved Alice in Wonderland. The story follows a young girl named Alice who finds herself in Wonderland after chasing a rabbit down a rabbit hole. Her desire to get back home leads her on a magical journey filled with enchanting creatures. Alice is picked on by talking flowers, criticized by a sly caterpillar, aggravated by Tweedle-Dee and Tweedle-Dum, and befriended by a confident and sneaky cheshire cat. Despite her terrifying encounter with the Queen of Hearts and almost losing her head after a disasterous courtroom drama, Alice miraculously finds her way home and finds that the key to home is the key to understanding.

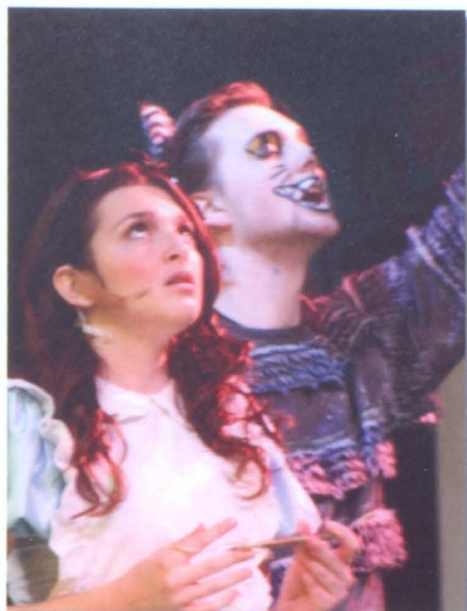

RIGHT: The cast bows after their amazing performance opening night as the audience cheers for them. From the looks on their faces, it seems as though they had just as much fun performing as we had watching them.

FAR LEFT: Dominique Waite stars as the main character, Alice. She has had many roles over the past few years, and was able to show her talent her senior year as the star of the show. She is amazing!

LEFT: Liam Starr, as Chessy the cheshire cat, guides Alice on her journey through Wonderland. His job is to guide Alice to the Key of Understanding.

BELOW: Micaela Tracey, as the Queen of Hearts, reprimands the King, Jacob Bucior, during a scene of the play.

One of the best activities to look forward to at Suffield High School is the Volleyball Marathon. The marathon was held March 21 from 7:00 p.m. to 6:00 a.m. Students gathered months before hand to form a team and start practicing for hope of making the final cut. Thanks to the National Honor Society for hosting the event every year and making it so fun for all students. When the doors opened at 7 p.m., teams set up their designated areas and waited for the rest of their teammates to arrive and around 9 p.m. teams were getting ready for their first games. Between games students were walking around, hanging out with friends, watching others play and just having fun.

A Night Under the Stars was a prom to remember. Juniors and seniors got together on May 17th, 2013 at the Marriott in Springfield for a fun filled night. Preparation for prom started months before hand, but when May got near everything started to fall in place. Girls were posting their dresses on Facebook and boys were renting their tuxes. The day of prom started as a care-free lazy day. Girls made appointments months before hand to get their nails and hair done and the boys ordered their dates corsages. By 5:00 everyone was ready and taking pictures with friends. During cocktail hour everyone started to arrive and take their seats for dinner. Afterwards dates and friends joined the dance floor with their favorite songs playing in the background. As the night was coming to an end faculty and staff started taking one last photo with students from the senior class that they would miss. The 2013 class was sad to see this night end and the juniors were excited for what next year's prom brings. Prom is such an unforgettable moment in high school and the 2013 prom definitely showed that!

The Make-A-Wish Foundation had selected our own senior class member, Nicholas Piccolo to have his wish granted after being nominated by his family. The Best Buddies and volunteers from iParty arranged a ceremony for him in the high school's gymnasium on April 24<sup>th</sup>. The Best Buddies Club and the whole senior class were invited to celebrate with Nico. The Piccolo family was treated to a limo ride to and from the airport. Then on to Orlando, Florida on May 5<sup>th</sup>. Nico and his family stayed at a hotel called Give Kids the World Village, specially designed for children with special needs. Nico had a wonderful time in Disney World and had his wish come true. Good luck Nico, we love you!

Above: To top off this celebration, along with soda, juice and pizza, a personalized cake was prepared just for Nico. Stop and Shop donated this cake. Nico shared this cake with his classmates.

The balloon in the left corner is a close-up of one of the hundreds of balloons, as seen in the right photo, that were let go to make a wonderful wish for Nico. Each Senior received a balloon from the Make-A-Wish foundation to walk outside and release simultaneously. As these balloons were released, each classmate made a personal wish just for Nico.

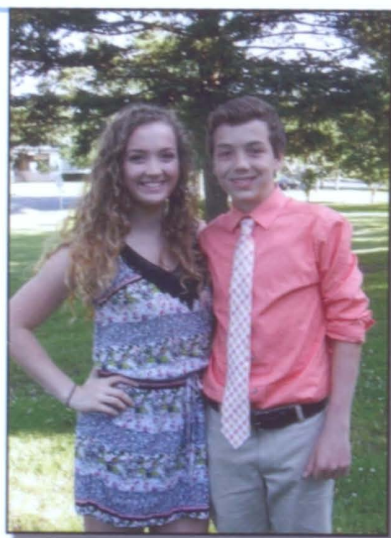

Going to your first day of high school will always be scary, but having an older sibling in the hallways will make your middle-to-high school transition easier. You may not know your way around the school, or how to prepare yourself for all your high school firsts. Having a familiar face around school can brighten your every day here, and having a mentor will make your experience here more comfortable. Suffield High School is one big family itself, filled with an everchanging cycle of siblings. Generations of families have passed through the Suffield High hallways. For the seniors here at SHS, showing our younger siblings around the school is a breeze. And for those of us who are the younger siblings, having an older brother or sister in the school is extremely helpful! For the most part, they all get along with each other! You'll see just as many siblings spending time with each other as they do with their friends. Our siblings here all know how to be loving and loyal to one another. Having a sibling can sometimes be tough and annoying, but at the end of the day they'll always be your best friend, and that's a goal here at Suffield High School!

When the bell rings on Friday, it brings a whole new meaning in winter for some of the students at SHS. For six weeks during the winter, a select group of students are transported to Berkshire East Mountain in Massachusetts for a night of skiing, snowboarding and grilled cheese. The students are set up in their own lodge on the west side of the mountain when the number of members grew too big to be housed in the main lodge. When students arrive they get ready and head out for a few runs. Most students eat on the mountain at the kitchen right in the lodge. The favorite seems to be the grilled cheeses made to order. Berkshire East has quite a few night trails that offer a varied range of difficulty for the students. Students rave about the program and some have even been doing it since their first year. Veterans and new comers alike love this laid back and rewarding program.

Legally Blonde was the Spring Musical for 2014. Lead role of Elle Woods was played by Senior Michaela Tracy. She dyed her hair blonde just for the play! All the cast showed they had lots of fun putting on this show. The storyline of Legally Blonde involves Elle, who has everything in life she desires, but love. So she decides to change her ways and pursues a law degree at Harvard University. This change turns her life in a whole new direction. Next thing Elle Woods knows, she solves an ongoing mystery of a lawsuit while finding her true love. To this original storyline, Suffield High Drama added their own style and humor.

# Legally Blonde

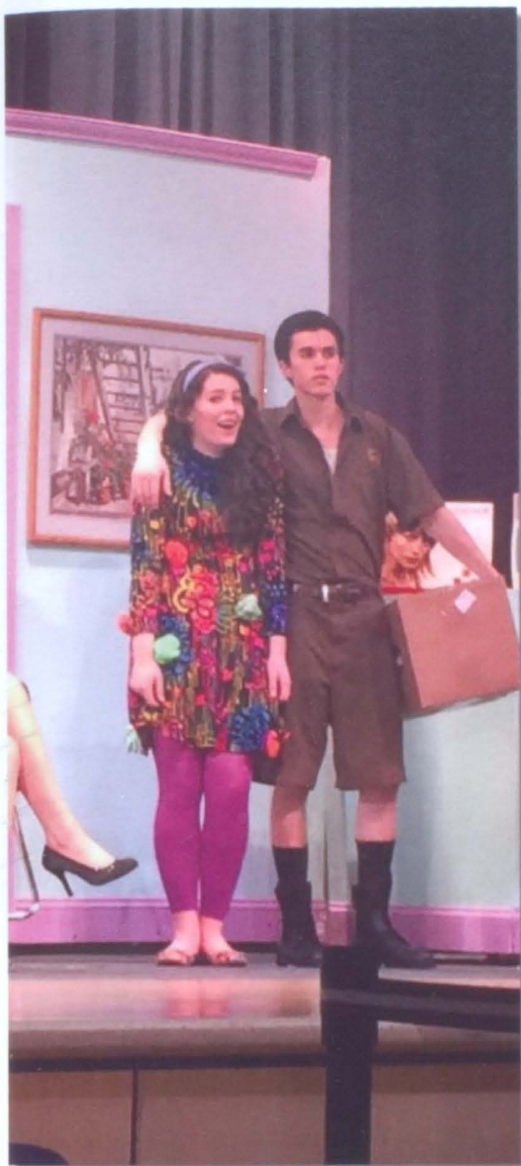

ABOVE: Cast Members of Legally Blonde take a group photo after their remarkable performance. The cast had all worked very hard after school every night to perfect their acting, and make the play as wonderful as it was. Their hard work had paid off, after a sold out performance on Friday night. The audience members were amazed by the humor and the close relationship between the actors and actresses, making this play yet another success for Suffield High School.

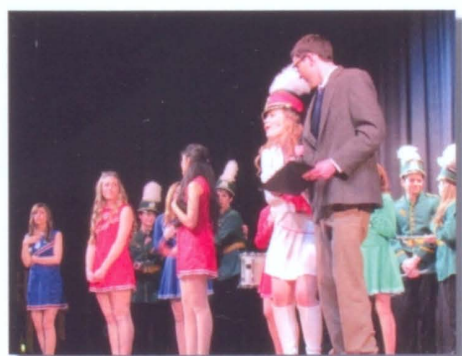

ABOVE: The sorority house of Delta Nu in the opening scene! All the voices of each sorority sister were astonishing as the screen opened and they popped their heads out of the windows. At last, Elle woods came barging through the front door and made her first appearance! This opening scene was just a peek at how successful the play was going to be. The audience members were treated to outstanding vocals along with a creatively designed set.

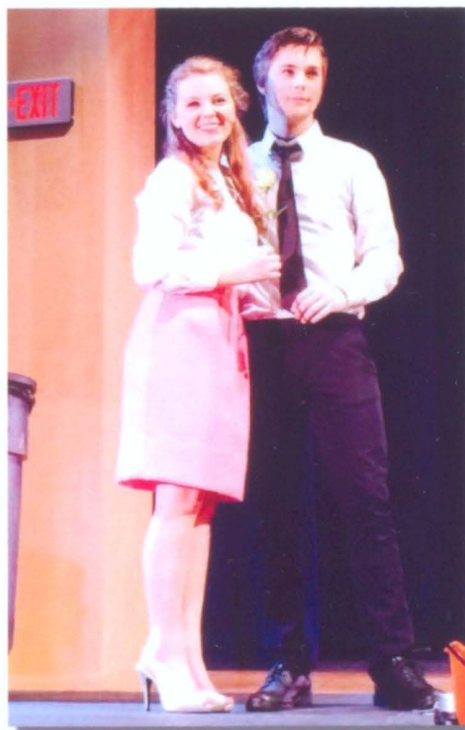

Each photo to the left is a different scene from the play. These scenes range from Elle and the sorority sisters, to Harvard employees making the decision to accept Elle into Harvard. Also we see Paulette and the UPS man meeting and "falling in love."

ABOVE: Elle Wood's, along with her sorority sisters from Delta Nu, do their best work to prove to the Harvard board that they should accept Elle as a student. They have a whole production planned including a choreographed cheer. As expected, Elle worked it and blew the board's mind which led to her acceptance into Harvard!!

LEFT: Elle Woods (played by Micaela Tracey) and Warner Huntington III (played by Liam Starr) show the love interest which had captured the audience members heart. Elle worked hard to get into Harvard, leading her to the arms of the one man with whom she finds true love. These actors performed wonderfully, portraying the characters who not only love each other, but bring out the best in each other, and are able to show the world how wonderful they truly are.

The Rent-A-Senior Auction was a brand new event this year and a major success. The idea came to the Senior class council from hearing its success from other schools and they decided to bring it to SHS. Seniors volunteered to be auctioned off for the day of serving whoever bid the highest price. Seniors could dress in costumes, carry books, or even bring in coffee for those who rented them. The auction was held in the auditorium and had an audience of over 100 people. The night was a huge success with some seniors being auctioned off for \$65 a piece. Also being auctioned off that night was a guaranteed spot in the Volleyball Marathon. Fun was had by all and the senior class made over \$1,300 to go toward the end of senior year activities.

BELOW: Catherine Moroney and Mr. McCullough were the announcers for the night equipped with witty banter and facts about the auction. They truly added to the night's fun with their ease at the mic and great charisma.

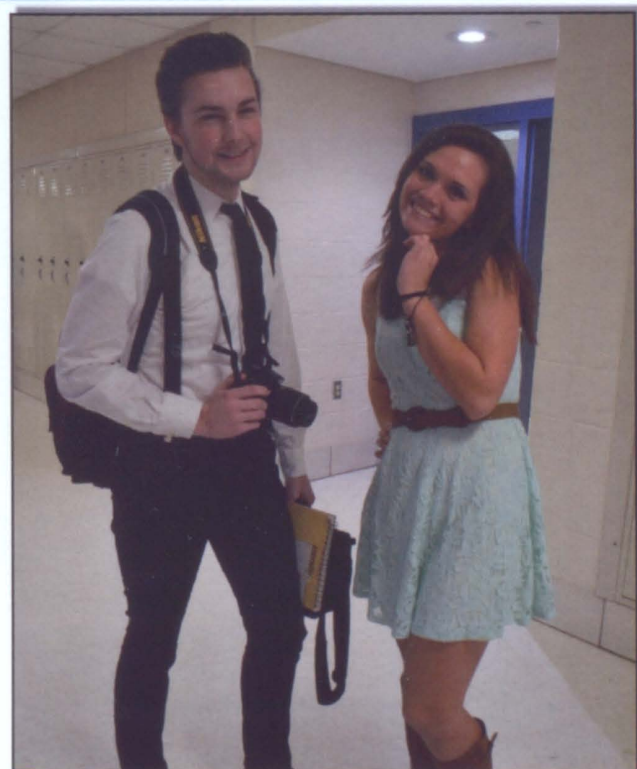

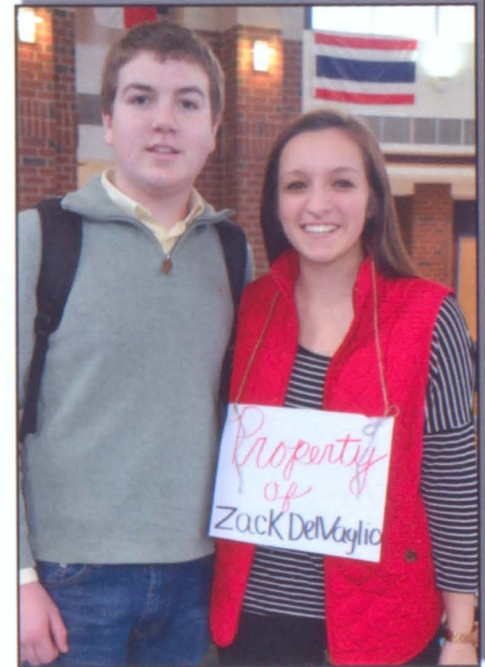

RIGHT: Zack DelVaglio and Maria Porcello are happily posing with each other. Zack rented Maria at the Senior Auction. Maria has a sign around her neck stating that she is property of Zack for the day. They were more than happy to participate in this eventful fundraiser for the senior class.
